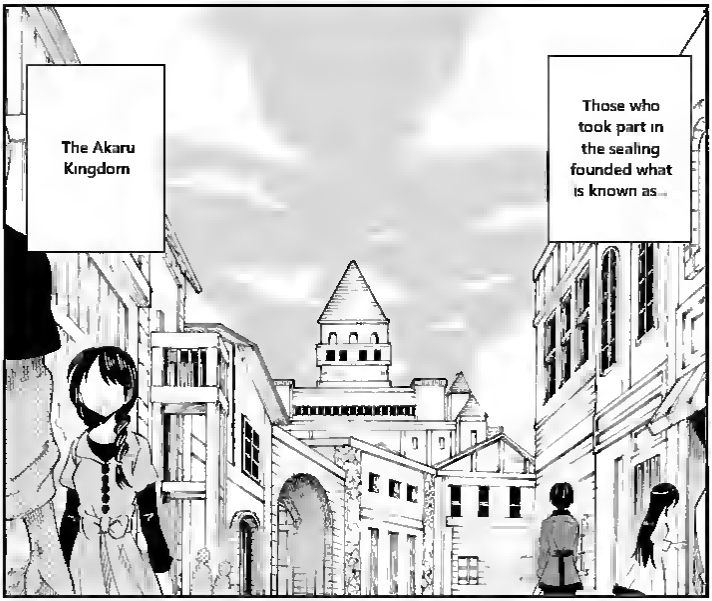
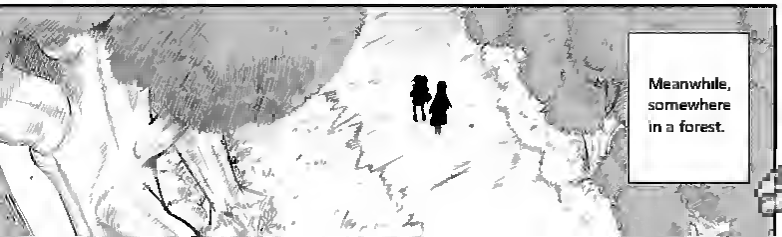
By virtue of magic and swords, the people have been living in peace.
It has been a thousand years since the Demon Lord was sealed away



The Akaru Kingdom
Those who took part in the sealing founded what is known as...



Meanwhile, somewhere in a forest.

How far to the next town?
Well~ At this pace, we'll be there by nightfall~
Ha!?
You've got to be kidding me! Why do I have to walk so much!
No... prin... cess...

If the princess would get off and start walking,
I think we would get there much sooner...

第1話 Princess Crash

We've barely even left the castle!
Hah... don't wanna.
Akaru Kingdom Princess Miki

Wait... you want to ride on my back the rest of the way!?
I do hope you will be more considerate of such matters in the future.
Magician Nanami
How could you say that!
Your puny life is meant to be a sacrifice for my sake.
On that note, would you hurry up a little?
Be honoured! For a magician who can't even produce a flame for a match, carrying me should be a privilege!

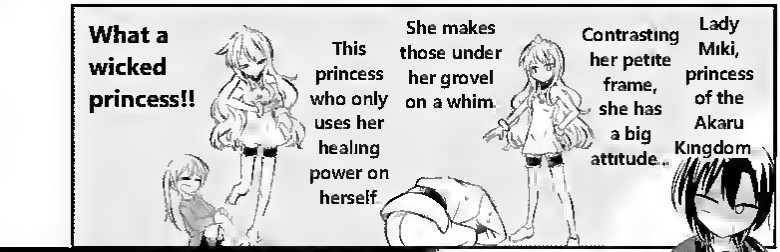
Princess~
Never! That's too much effort!
This journey is meaningless if you don't walk with your own two feet.
Shut up / and carry me already
It's bad enough you didn't get a carriage!
ばーん
You can use this to move without any effort on your part~
I found this just now
Isn't that the casket of someone about to be burried!?
Are you stupid?!
Swordswoman Tsubaki
5
Besides, there's already someone inside! Just throw it away already!!
Who!? Who's been dragging around my (coffin) house!?
You brats, kneel before me!
Do you understand the significance of this journey?!

This is the journey undertaken by past generations of the royal family!?
That's even more reason for me not having to spend my calories!!
We're going to all the churches in the world to get baptised...

God? More like a demon
And you're trying to tire me out?
I'm blessed with a power by the Gods In other words I'm God's representative

I haven't got much time to waste
Anyway, hurry up and come up with a more relaxing way for me to travel
Huh? How come?
Ah, it's nothing

So we need to hurry up!
In the future, all of you shall worship me
You poor lowly beings.
Now you're changing the purpose of the trip!!

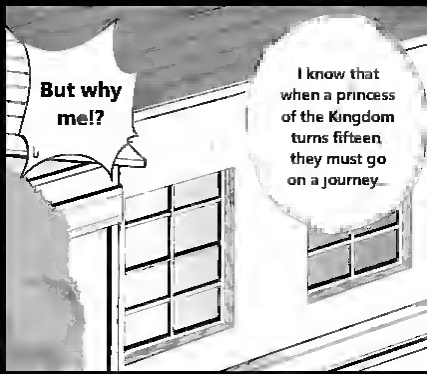


What a wicked princess!!
This princess who only uses her healing power on herself
She makes those under her grovel on a whim.
Contrasting her petite frame, she has a big attitude..
Lady Miki, princess of the Akaru Kingdom

Three days ago
Eehh!?
I wouldn't have needed to go on this journey.
If the princess was loved by the people like the previous princess
GRIP

With the princess... ?
You want me to travel,

Remember when we went to the castle?
Court Wizard Nanami's Master



But why me!?
I know that when a princess of the Kingdom turns fifteen they must go on a journey...

That's right The meeting between me and the princess was because she especially chose you.
Especially!?
Huh!?

はは
Of having to kneel down before the princess within seconds of meeting her...
I'll never forget the shock

Is what she said

I'm bringing them along for the journey

Back then your apprentice looked to have the skillset to become the greatest expert in kneeling

What kinda kneel did I even do?!

It seems I can command her to do anything easily.

The king also wanted this, hoping that the princess would have a change in her attitude C'mon, take the letter

I can already tell what's going to happen to me!!

I'm a little happy that she personally chose me!! But it's impossible!

With this, I succumbed to the king's pressure and thus set out on this journey with the princess...

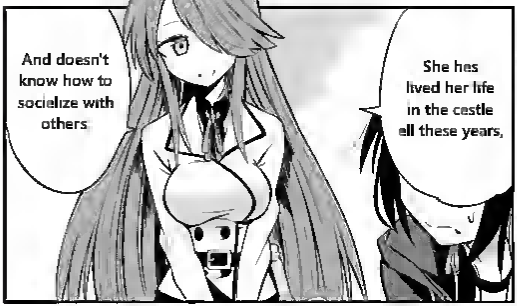
!!

Nanami-san,

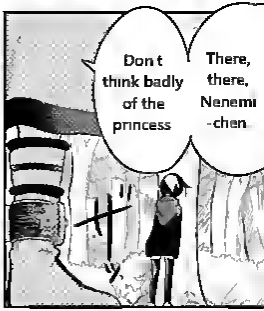
First and foremost, please pardon my daughter's rudeness. I want her to know more of this world with this journey. For the future of the kingdom, I want her to learn common sense and become a splendid princess. Please take care of her for me.

Sincerely,
The King

Will she ever learn and become a splendid princess at this rate
Three hours since we left and she has already forgotten
.....



And doesn't know how to socialize with others
She has lived her life in the castle all these years,

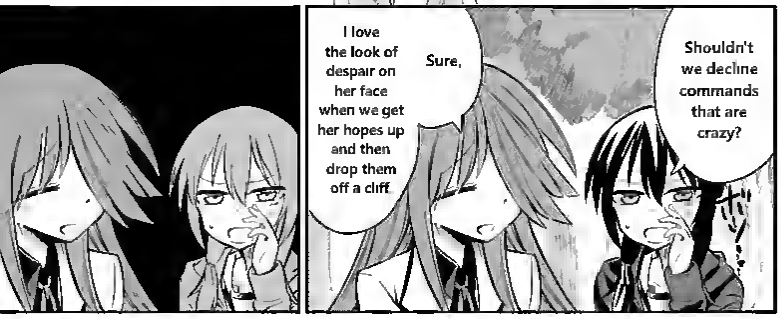


Don't think badly of the princess
There, there, Nenemi -chan

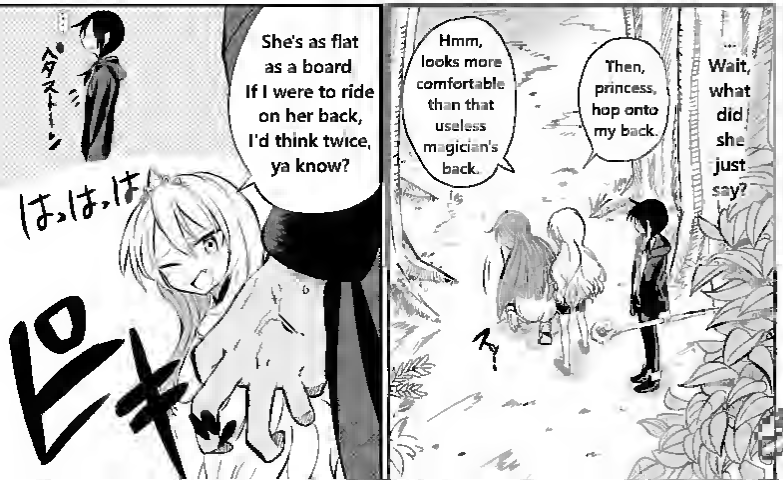
I wonder how much kindness is being stored in those huge boobs of hers
For her to act like that before the princess... Wings... I can see angel wings! Gosh, wouldn't it be great if Tsubaki-chan was the princess?!
If it's for her, I feel like I can do anything in this world..

Let's support her so she can become e splendid princess, shall we?
Ahh...
Tsubaki -chan is an angel ...

She has a nice body, too. Perfect ...!!
That's not all. She's even the leader of the kingdom's swordsmen, a genius at that!



I love the look of despair on her face when we get her hopes up and then drop them off a cliff.
Sure,
Shouldn't we decline commands that are crazy?



ペタストーン
She's as flat as a board. If I were to ride on her back, I'd think twice, ya know?

That's the last thing I want to hear from you!

I wish she'd learn to be a bit more considerate!

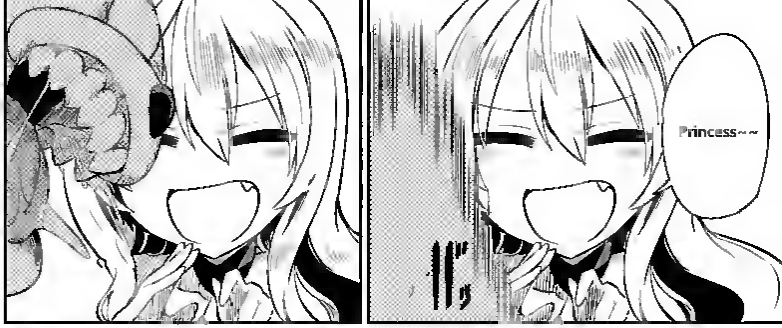
How about I give you a taste of my "Princess Slash"?
You look so full of yourself.



Princess~~

Did she really sense that?
What's more the princess too!?
I'm sure the great princess detected the bloodlust from that monster herself.
I'm sorry for disturbing your fun, princess.
Ehh?!

O-Of course I knew that. In a split second I would've smashed it to bits.

Ahh, I really wanted to use my "Princess Slash"! How unfortunate.
H-Huh ...?
How sharp!! As expected of the princess!

More teary eyed than sharp eyed...
"Princess Slash"...
It's a fobidden skill that will wipe out an opponent's entire existence
As expected of our princess!!
The gap between me and you is like day and night Ahh, I wanted to show off my skills, but too bad
I'm sure no monsters are going to appear anymore.
Well, if they do, I can just command them to kneel?
